

Gmail Users

If you are a Gmail user then you might have difficulties getting our emails into your primary inbox. Google will sometimes flag emails from BulkingDiets.Com as “Promotional”.

Now worries, there is a very quick fix to this.

Step 1 of 2

The easiest way to move an email in your inbox is to left-click and hold on the email to drag it from the Promotions tab over to the Primary tab. Release the mouse to drop the email into the newly selected tab.

Step 2 of 2

Once dropped, Gmail displays a yellow box that asks if you want to make this change permanent. Click Yes to ensure that all messages with the same From email address appear in the Primary tab going forward.
